

**responsAbility Social Investments AG** is one of the world's leading social investment companies. With its investment products, responsAbility enables people at the base of the global income pyramid to have access to markets, information and other services important for their development. responsAbility is backed by well-known Swiss financial institutions and a social venture capital company.

For our Regional Office for Latin America in Lima (Peru), we are seeking to employ an experienced

## **(Senior) Investment Officer** **for trade and sustainable agriculture finance**

This function is conducted in relation with our investment funds' global investing activity, with a special focus on financing working capital and fixed assets of producer organizations (cooperatives, SMEs, ...) certified by FLO or similar bodies but also other parties involved in the sustainable agricultural value chain (traders, processors, seeds providers, machinery providers, etc).

You will be mainly responsible for the following tasks:

- ◆ Origination of business relations with producers organization in Latin America
- ◆ Credit risk analysis of such organizations, of their markets, and of the traded commodities, including due diligence and scoring exercises
- ◆ Financial analysis and modelling for Project Finance and similar transactions
- ◆ Interaction with credit risk management, investment committee and transaction management within responsAbility to implement transactions
- ◆ Monitoring of portfolio investments as well as of the markets in which they are operating

You will be based in our Lima office. A substantial amount of time is expected to be spent travelling in various Latin American countries.

To fulfil these requirements, you possess:

- ◆ A minimum of three years working experience in
  - Assessment and financing of institutions in the commodity trading area and/or the agriculture value chain.
  - Project finance and / or fixed asset finance (i.e. agricultural machinery, production equipment)
- ◆ A good understanding of commodities markets and commodities cycles
- ◆ Degree in economics, business administration, finance, or a related field
- ◆ Excellent oral and written Spanish and English, additional language skills would be of advantage
- ◆ Strong analytical, writing and presentation skills
- ◆ Strong communication and intercultural skills
- ◆ Good IT user skills (excellent knowledge of Excel)
- ◆ Interest and enthusiasm for social investments
